Coast2Coast Rx Card

Yolo County Residents:

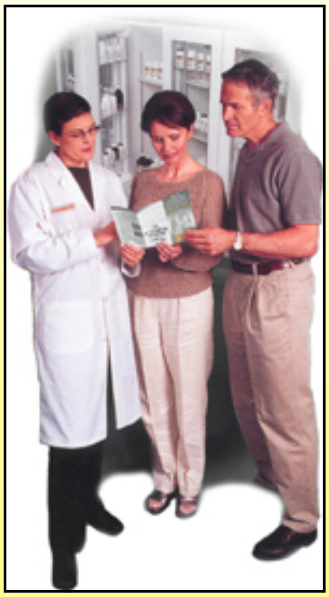
Use the county-endorsed Coast2Coast Rx discount card and save up to 75% on your prescriptions while reinvesting in our community.

The Coast2Coast Rx Card is a FREE discount program helping consumers save money on prescription drugs and certain healthcare services. Just bring your card to a participating network pharmacy for instant savings on thousands of the most commonly prescribed medications — both brand and generic.

Not only is the Coast2Coast Rx Card ***vetted and endorsed by your Yolo County Board of Supervisors and the California State Association of Counties***; but for each prescription filled using the card, a portion of money is put back into the community to fund public projects, ***setting this prescription discount plan apart from the rest.***

There is no paper work to fill out—the card is ready to use, just print it here: http://www.coast2coastrx.com/yolo/

- **Everyone qualifies and there is no expiration date** — there are no health, age or income restrictions and the card can be used as often as needed.
- **Save up to 75%** on over 60,000 brand name or generic drugs at 59,000+ participating pharmacies, including all major chains and most independents.
- **Discounts** on certain Dental, Vision, Hearing, Lab Services, Diabetes Supplies and even some pet prescriptions are available.



The mission of the Coast2Coast Rx Card is to provide **prescription savings options while improving health outcomes** — we believe that the cost of health care has risen so drastically that many families need a discount program like this one.
