State Certified Drinking Water Laboratories

The following chart represents the Napa-Solano-Yolo-Marin County Public Health Laboratory and Yolo-Sacramento Regional Commercial Laboratories certified for Drinking Water Analysis. It was compiled from information obtained from the State Environmental Laboratory Accreditation Program (ELAP). It is not inclusive of all laboratories available and is not an endorsement of any particular laboratory. To access the complete list of ELAP laboratories please go to the Certified Laboratory list maintained on the state website at http://www.waterboards.ca.gov/drinking_water/certlic/labs/index.shtml

Laboratory	Bacteriological Quality	Inorganic Chemicals	Organic Chemicals	Radionuclides	Disinfection By Products

* Yolo County Environmental Health Division contracts with the Napa-Solano-Yolo County Public Health Lab. We will accept water samples for bacteriological quality testing Monday-Friday before 3pm. If you are a Public Water System, you may drop off your water sample Monday-Thursday before 3pm. Nitrate/Nitrite testing will only be accepted on Tuesdays before 3pm. This applies to both private and Public Water System testing. Samples brought in after 3pm and out of temperature will not be accepted.
