Agenda

- Date & Time:** April 25, 2018 8:30 – 11:00 a.m.
Location: Gonzalez Building, Community Room, 25 N. Cottonwood St, Woodland
Organizer: Emily Vaden
Attendees: James Burke, Partnership HealthPlan of California; Kellymarie Chen, HHSA; Haydee Dabritz, HHSA; Samantha Fusselman, HHSA; James Glica-Hernandez, Local Mental Health Board; Ramy Hussein, HHSA; Steve Jensen, HHSA; Amy Leino, HHSA; Ashley Logins-Miller, HHSA; Reem Omer, HHSA; Liz Romero, Yolo Hospice; Cyndi Sechler, HHSA; Anna Sutton, HHSA; Anthony Taula-Lieras, HHSA; John Troidl, Yolo Healthy Aging Alliance; Emily Vaden, HHSA; Aurora William, HHSA;

1) WELCOME & INTRODUCTIONS

- Emily welcomed the group and around the table introductions were performed.
- Ramy Hussein is in the Community Health Branch over MCAH and ID. He will be helping with CHA process and will be providing more updates in the future.

2) DATA SHARING

- Please see www.healthyyolo.org for updated data.

CHRONIC DISEASE PREVENTION

- **Tobacco Retail License (TRL):** Steve provided the background on TRLs. Updated data will be available in June.

MENTAL HEALTH

- **Consumer Perception:** The survey is the same each time but only captures the clients that were seen in the clinic for the identified week.

Providers are counted by contracted agency. In the future, will be able to provide a percentage of providers that participated.

It was suggested that information on what percentage of returned surveys have responses in order to see if there is an improvement overall. One of the determining factors of completed responses is the number of doctors on staff.

- **EQRO**

EQRO is completed annually by a 3rd party to review quality and access to mental health services. Yolo County's review was completed in February and the draft report was received this week. The report identifies high level strengths, areas of improvements and recommendations. One area identified for improvement is the electronic health record and data reporting abilities.

- **Triannual**

Every three years, the Department of Health Care Services (DHCS) performs a Medi-Cal audit on the service delivery system. The preliminary results from that audit show a 97% compliance in system review, which shows that the work on improving the quality of documentation has been successful.

- **Mental Health Urgent Care**

HHSA opened a Mental Health Urgent Care clinic in West Sacramento. Crisis intervention services are available seven days a week from Noon to 9:00 pm. These services are to prevent or minimize use of emergency rooms. The target for this clinic adults with Medi-Cal or uninsured but anyone who walks in the door will be assessed and linked to an ongoing provider. In July, there will also be an afterhours crisis response available.

3) ANNUAL REPORT REVIEW

- The group reviewed the 2017 Annual Report and provided edits and feedback.

4) 2019 CHA STATUS UPDATE

- Yolo County HHSA, then the Health Department, completed their first Community Health Assessment (CHA) in 2014 as part of the Accreditation process. During that process, there was a steering committee made of partners and community members to help guide the process using MAPP. This was the first wide assessment of the county. The CHA included multiple assessments that were then combined into a full assessment. The CHA helped identify the priority areas for the CHIP. The CHA is due every five years.
- Additionally, per ACA, all non-profit hospitals have to completed a Community Health Needs Assessment every 3 years.
- This year, the time frame for the CHA and the CHNA align. HHSA is partnering with Sutter and Dignity to facilitate a joint CHA/CHNA. In addition, CommuniCare and Winters Health Care are part of the steering committee that have been developed.
- The steering committee has combined and refined the Health Status Survey and the Health Care Access Survey into a single survey for this assessment period. The survey will be translated into Spanish and Russian and is expected to be distributed in May and June. Hard copies of the survey in all three languages will be in the HHSA lobbies, as well as available for partners to distribute. Electronic copies will also be available in all three languages.
- In addition to the survey, focus groups and town halls will also be completed.
- If you are interested in helping promote the survey, please let Emily know.

5) ANNOUNCEMENTS, QUESTIONS AND NEXT STEP

- Applications for the new housing across the street are now being accepted. Contact Nadia Waggener.
- May is Mental Health Month. HHSA creates a calendar for the month around all the stigma reduction activities. The first event will be the Annual Stop Stigma Salsa Bar. At the end of the month, there will be a Consumer Art Show.
- Yolo Health Aging Alliance will be holding a fundraising event on May 20th from 4:00 -7:00 pm at Davis Odd Fellows. Tickets are \$45 each. There will be farm fresh food, wine, spa water, dessert, and a silent auction.
- Healthy Schools Collaborative will be meeting on May 30th from 3:00 - 4:30 pm. This collaborative is open to administrators, teachers, and nurses, and focuses on increasing collaboration with schools. If you are a provider who also serves children in schools and are interested in attending, please contact [Ramy Hussein](#).
