

# COUNTY OF YOLO

## Health and Human Services Agency

---

### Healthy Yolo: Mental Health Work Group

#### *Agenda*

**Date & Time:** July 25, 2018 8:30 – 10:30 am  
**Location:** Gonzalez Building, Community Room, 25 N. Cottonwood St, Woodland  
**Attendees:** Kellymarie Chen, HHSA; Haydee Dabritz, HHSA; Leigh Harrington, HHSA; Amy Leino, HHSA; Ashley Logins-Miller, HHSA; Emily Vaden, HHSA

---

#### 1) WELCOME & INTRODUCTIONS

- Emily welcomed the group and around the table introductions were performed.
- Brian Vaughn is the new Public Health Director and Community Health Branch Director.
- Kellymarie Chen will be transitioning into the Community Health Branch to support the CHA, CHIP, etc. There will be a recruitment for analyst to fill the role vacated by Kellymarie in MHSA.

#### 2) DATA SHARING

- See Dashboard at [www.HealthyYolo.org](http://www.HealthyYolo.org) for updated data.
- The group discussed the need for additional mental health measures.

#### 3) 2019 COMMUNITY HEALTH STATUS UPDATE

- The Community Health Assessment (CHA) steers the focus of the CHIP. HHSA is collaborating with the local hospital this year to perform a single community health needs assessment, which will result in a single report. Sutter and Dignity have hired a consultant to handle parts of the assessment such as key informant interviews and focus groups, with HHSA handling the survey and providing the public health perspective.
- The consultants will be hosting several focus groups, including one specifically for Healthy Yolo participants.
- The Health Status Survey will be opened through July. It is instrumental to have individuals complete the survey to share their perspective.
- Haydee Dabritz, along with a team of interns, have been working diligently in getting the survey distributed as well as inputting and analyzing data.
- Once the survey is closed and the data has been analyzed, the consultants will begin drafting the report. The report should be near the end of the calendar year.

#### 4) ANNOUNCEMENTS, UPDATES & NETWORKING

- It was announced that this afternoon there will be a launch party for the new Substance Use Disorder program.

#### 5) QUESTIONS AND NEXT STEP

---

October 24, 2018 8:30—11:00 am

Joint meeting
