  - SSI Recipients have received communication about expansion from SSI and Cal Fresh with radio ads coming soon from CDSS.
  - Expansion will extend benefits to approx. 1500 -2000 person eligible who did not previously receive Cal Fresh and 5000 -7000 who may be attached to someone else who may be receiving benefits themselves.
  - May reduce household Cal Fresh Benefits if member of household was not previously included in the income assessment of the household.

##### Defining our Outcomes Discussion

- How can we better define this project?
  - Limit by population
  - Better specify what we are trying to fix and why it is important to the collective as well as how it will ensure the community is better off.
  - Set a project target to have a definitive goal to strive for and better define what we are measuring to identify Healthy Yolo's contribution to overall enrollment.
- What could partners do to promote food security or link clients to existing food programs:
  - Use [SSI enrollment criteria](#) to determine when it is appropriate to refer clients who would benefit from SSI benefits to SSI. Cal Fresh Benefit enrollment would then stem from the SSI Enrollment.
  - [Fini Grant Bonus Bucks Program](#) is a program that can be used to stretch Cal Fresh Benefits further.
  - [Fresh Text/Market Text](#) can be used to connect recipients to food distribution and farmers markets that accept Cal Fresh.
  - Summer Meals can be found using the CA Meals for Kids App [view the press release](#) for more info.
- How can existing programs or tools be leveraged to cross promote efforts:
  - Explore utilizing Fresh/Market text to educate about Bonus Bucks.
  - [Utilize Care Coordination Tool](#) to maintain personal data base of contacts by service.
  - Share CDSS Social Media Messaging around Expansion with Partners to share on their social media pages/feeds.
  - Explore having Partnership Health Plan update the care coordination page to be inclusive of 2-1-1 Yolo and Senior Link.
