4. PUBLIC COMMENT

Kendra Munguía wanted to know how to get the ball rolling on stop signs or crossing guards or rumble strips to slow people down driving eastbound on Clarksburg Road into town. The afternoon is particularly dangerous because Delta High School is requiring students to exit the high school parking lot by heading west on Netherlands Road. Those students who need to return to South River Road then turn right on 146B and then take a right on Clarksburg Road and drive eastbound back through the town of Clarksburg when children are walking home from school. Ms. Munguia logged her concerns with Nicolas Burton at Yolo County Community Services. Ms. Munguia wants a three way stop at Willow Point and Willow Avenue.

Mark Wilson noted that the 25 MPH speed sign on Clarksburg Road driving eastbound into town is somewhat obscured by vegetation.

Anna Swenson wants a crosswalk in front of the Clarksburg Fire Department. Ms. Swenson is also concerned with traffic on Clarksburg Road.
