- **Brewpubs, breweries, bars, and pubs**, must close until those establishments are allowed to resume operation per state guidance and local permission, unless they are offering sit-down, dine-in meals (including through another vendor operating onsite) exclusively in an outdoor setting. As required by the State Public Health Officer in an order dated July 13, 2020, commencing on July 14, 2020 upon the posting of this updated Attachment B, the following businesses and activities must close unless they can (1) be modified to operate outdoors*, and (2) operate in compliance with all other requirements included in applicable state guidance documents:

In all respects, the restrictions in this Attachment are intended to be consistent with restrictions implemented by order of the State Public Health Officer. In the event of any inconsistency between this Attachment and orders of the State Public Health Officer, the more restrictive provision shall apply.

II. BLUEPRINT FOR A SAFER ECONOMY

On August 28, 2020, the state released its “Blueprint for a Safer Economy” and announced many changes to statewide restrictions on businesses and activities. All counties were also assigned to one of four tiers based on COVID-19 data and related metrics. As of August 28, Yolo County is in Tier 1 (Purple) status, the most restrictive tier.

This Section briefly summarizes all changes to business and activity restrictions based on the Blueprint approach and changes to the County’s tier status over time.

As of August 31, 2020, existing businesses and activity restrictions are modified as follows:

- **Hair salons and barbershops** are no longer prohibited from operating indoors. These businesses may operate indoors subject to the Local Order and state guidance included in a July 29, 2020 document available at www.covid19.ca.gov.
- **Shopping Malls**, including indoor malls, destination shopping centers, strip and outlet malls, and swap meets, may operate subject to the Local Order and state restrictions set forth in guidance available at www.covid19.ca.gov. Based on the County’s Tier 1 status, restrictions include a maximum 25% capacity and all common areas and food courts must stay closed.

The foregoing business and activity restrictions shall remain in effect until modified or rescinded by further order of the Public Health Officer.
