INTRODUCTION

To mitigate the impact of COVID-19 on Yolo County small businesses, the County of Yolo has authorized the issuance of CARES Act funding through the Small Business Grant Program.

The objective of this program is to offer immediate financial assistance to for-profit small businesses, with a maximum of 25 full-time employees, located in the unincorporated and incorporated portions of Yolo County. The grant provides economic assistance to help sustain small businesses by reimbursing expenditures directly related to the impacts of the COVID-19 pandemic. There is a limited allocation of funds available for the program, therefore not all eligible businesses can be assisted.

Grant funding assistance is available to non-profit organizations through the Yolo COVID-19 Relief Fund, which includes CARES Act Funding provided by Yolo County, at https://www.yolocf.org/grants/yolo-covid-19-nonprofit-relief-fund/.

**APPLICATION REVIEW AND APPROVAL PROCESS**

Grants to eligible businesses will be made based on funding availability and eligibility. Due to limited funds, not all eligible businesses can be assisted. Grants will be made based on a lottery system by geographic location. In order to ensure equitable distribution of funds across the County, a random selection of applications will occur by jurisdiction and awarded up to the amount of available funds for eligible applications. The jurisdictions and amount of funds available for each jurisdiction are based on population accordingly to the US Census estimates for July 1, 2019, as follows:

- City of Davis: $236,000
- City of West Sacramento: $182,000
- City of Woodland: $206,000
- City of Winters and unincorporated Yolo County: $126,000

Jurisdiction will be assigned based on the physical location of the business. If a single business entity, applying on behalf of multiple locations within Yolo County, has locations in more than one jurisdiction, the entity must choose only one of the jurisdictions in which their business has a physical location for the lottery.
All businesses selected during the random drawing will be reviewed for eligibility, and pending eligibility approval will be notified and offered a grant up to the stated funding allocation until all funding is exhausted.

County staff will make all final decisions on program eligibility and any related interpretations necessary to make a grant decision. The review and award notification process may take up to 30 days depending on the number of applications received. If any funds remain for one or more of the jurisdiction categories, those funds may be utilized towards a future round of grant applications at the County’s discretion or reallocated to other geographic locations demonstrating a higher need.
