

## **Printer Cartridge Refilling & Recyclers**

*Call for details*

### **REFILLING SERVICES**

One challenge with recycler companies is that some won't pay for refilled or refurbished type cartridges. Some retail stores such as Walgreens and Cartridge World refill cartridges. This saves money and eliminates the need to recycle ink and toner cartridges. Ask your local Walgreens, office supply store, or dial 1-888-997-3345 to locate a refilling service.
