

North Davis Meadows Water Project Update  
April 2017

Previously:

1. A Request for Information proposal was developed and publicized to line up what Broadband providers are interested in providing service to our neighborhood.
2. A new General Milestone Schedule was posted on the North Davis Meadows Community Service Area section of the Yolo County website.

What's New:

1. West Yost will have the Plans, Specifications, Estimate for our project 65% completed in June.
2. A CSA meeting will be held on Tuesday, May 16<sup>th</sup> at 7:00pm at the Church of Christ, 39936 Barry Road, Davis. Our project manager from Ponticello Enterprises will be attending the meeting, to give an update on the water project and to discuss our State Revolving Fund loan status. All neighbors are encouraged to attend.
3. Two Broadband companies have responded to our Request for Information proposal. It is expected that a third will respond by March 28<sup>th</sup>. The Broadband subcommittee will be reviewing the proposals. This topic will be on the agenda for our May 16<sup>th</sup> meeting.

Next Steps:

1. West Yost will have 100% of the Plans, Specification, Estimate for our project completed in August.
2. Another Prop 218 election will be held in August or September for funding of the planned new domestic supply system.
