The mission of the Yolo County Department of Child Support Services is to promote the well-being of children and the self-sufficiency of families by assisting both parents in meeting the financial and medical needs of their children through the professional establishment and enforcement of child support orders.
Employers play a vital role in the financial and medical security of children by working with the Department of Child Support Services. Annually, our department collects millions of dollars on behalf of children and families in Yolo County. The majority of these funds come from employers who help us enforce an Income Withholding Order, or garnishment. You and your business contribute to our community in several ways, like helping kids and families, helping reduce fraud, and contributing to a stable workforce.

A New Business for California

We understand that being the pioneers of your field comes with obstacles. We’re ready to help your business, not stand in the way. Why? Because the easier it is for you, the better support kids in our community receive.

Our office can accept cash payments from parents making their payment and employers who want to make their employee’s garnishment payments that way. Parents can even use our new kiosk to make quick payments with cash or their card.

We look forward to working with you however your business would best work with us. Over the phone, through the mail, in person; quick questions or complicated. Just let us know.
