Help Keep Our Community Clean and Green

Contamination and overloading carts harms all of us.

Stay Clear of Contamination

Today's material processors have strict standards; they won't accept contaminated loads.

Contaminants can result in an entire load of recyclables or organics being sent to the landfill instead of being recycled as you intended.

This drives up collection and disposal costs for everyone.

When you recycle right, you avoid contamination surcharges and help our community to be green.

Here's How to Recycle Right:

RECYCLING

Recycle only empty hard plastic bottles/containers, glass jars/bottles, and clean paper and cardboard. Keep lid closed to avoid paper getting wet.

No plastic bags. Place recyclables directly into your container.

Keep food and liquids out of the recycling.

No plastic film. No snack bags, candy wrappers, sandwich bags etc.

No soiled paper like greasy pizza boxes, paper towels, tissues, etc.

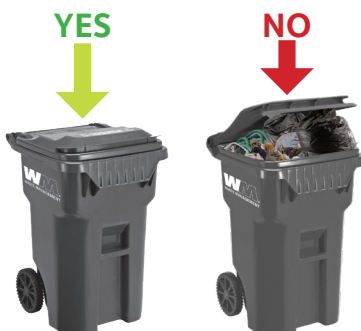

No hazardous waste.

Keep a Lid on it!

Materials must fit inside a container with the lid shut for regular service.

Keeping lids closed reduces litter and is safer for our drivers and the community.

Contamination Charges

\$12.61 per container incident
(Charge applied after one warning)

Visit The Big Blue Recycling Barn

The Big Blue Recycling Barn at the Yolo County Landfill will be open from 9 a.m. to 3 p.m. the third Friday and Saturday of almost every month in 2019 except April, August and December.

While none of the items donated to the barn are repaired, they all are in good enough condition to reuse. Some items may need a little tinkering.

The barn is located at the Yolo County Landfill at 44090 County Road 28H.

For more information, please visit www.yolocounty.org and click on the Central Landfill heading under the Community Services tab or call 530-666-8813.

Special 50% off sales will occur at The Big Blue Barn in March, July and November.
