**Transfers**

*Out of State*

- ICOTS (Interstate Compact Offender Tracking System) is the system that transfers the supervision of probationers and parolees to another state.
- To be eligible for out of state transfer, a person must:
  1) have 90 days or more of supervision remaining,
  2) have a valid plan of supervision,
  3) be in substantial compliance with the terms of supervision in the sending state,
  4) be a resident of the receiving state or possess another tie to the receiving state (employment, family, etc.)
- In some circumstances, the receiving state must accept the transfer (examples: active military or longstanding employment in the receiving state).
- In some circumstances, the receiving state may reject the transfer in the name of public safety or to protect the rights of victims.

If you are wanting to transfer your probation/parole to another state, you are encouraged to:
  - Contact individuals/agencies in the receiving state who can provide you with support (Who can you live with? Where can you work? What agencies provide needed services for things such as medical, counseling, etc.?)
  - Make a plan to present to your assigned probation or parole officer. Include letters of support or job offers, if you have them. Ask your attorney if you need assistance.

*Out of County Transfers for Felony Probation or Mandatory Supervision (MS) (PC 1203.9)*

The law favors allowing offender to transfer their probation or MS to the county in which the person permanently resides.
- The stated intention of transferring probation is to remain in the receiving county for the duration of supervision.
- To be eligible for an out of county transfer, a person must:
  1) have completed their jail time (in custody, on electronic monitoring, or on work program),
  2) provide proof of residence (copy of: mortgage; lease agreement; or utility bill),
  3) report to the Probation Department as directed (either report in person monthly or call in monthly, until their case is transferred to their county of residence).
PAST/PRESENT California Policies

AB 109 - Criminal Justice Realignment
In March 2011, the Governor signed Assembly Bill (AB) 109 which requires non-violent, non-serious, and non-sex offenders to serve their sentence in county jails instead of state prisons.

Prop 57 – CA Parole for Non-Violent Criminals
Under Prop 57, approved in Nov. 2016, CDCR incentivizes inmates to take responsibility for their own rehabilitation with credit earning opportunities for sustained good behavior, in-prison programming, education, and activities participation. Prop 57 also allows for parole consideration of non-violent offenders who have served the full-term sentence for their primary offense and who demonstrate that their release would not pose an unreasonable risk for public safety and education.

If you are serving time in CDCR, you are encouraged to speak with your correction counselor about credit opportunities and to make sure all your credits have been calculated.

AB 1308 – CA Youthful Offender Parole
In October 2017, the Governor signed Assembly Bill (AB) 1308, which would require the Board of Parole to conduct youthful offender parole hearings for offenders who committed certain offenses when they were 25 years of age or younger. This bill is intended to give youthful offenders sentenced to 15+ years in CDCR a meaningful opportunity at parole and for the parole board to consider the hallmarks of youth (recklessness, impulsivity, risk-taking, immaturity, etc.). Youthful offender parole board hearings are offered to youthful offenders after the individual has served 15, 20, or 25 years in state prison, depending on the sentence.

If you are serving time in CDCR and were 25 years of age or younger at the time of your offense, you are encouraged to speak with your correction counselor to see if you are eligible for a youthful offender parole board hearing.

SB 384 – CA Tiered Sex Offender Registration
In October 2017, the Governor signed Senate Bill (SB) 384 which establishes 3 tiers of registration based on specified criteria. Previously, California had a lifetime registration for all individuals with sex offenses on their records. Under this bill, individuals with a history of sex offense(s) convictions would be required to register for at least 10 years, 20 years, or life, depending on the sex offender registration tier he/she qualifies for.

This law does not go into effect until January 1, 2021. If you have a sex offense on your record, you are encouraged to contact the Public Defender in your county of conviction to learn how to proceed in that county.

PC 1016.2 & PC 1016.3 – Immigration Consequences
The legislature has declared that defense counsel shall provide accurate information about immigration consequences of a proposed case disposition and the prosecution, in the interest of justice, shall consider the avoidance of adverse immigration consequences in plea negotiations in an effort to reach a just resolution.

This does not change the fact that a defendant is not required to disclose his/her immigration status to the court.
Record Mitigation

The Yolo County Public Defender has a Record Mitigation and Community Reintegration Clinic that provides legal representation to individuals seeking expungement and other post-conviction remedies to clear up criminal records after completion of probation or a custodial sentence, thereby removing barriers to economic stability and a return to crime.

Potential types of post-conviction relief that the Public Defender’s Office can help you obtain include:

- Expungement
- Reduction of a felony to a misdemeanor
- Early termination of probation
- Obtaining a certificate of rehabilitation
- Sealing of certain records

You can contact the Record Mitigation and Community Reintegration Clinic directly at (530) 406-4565. You should expect a return phone call within 2 weeks. Both the court and the county will charge a fee for this service. All fees may be waived if certain criteria are met. Please make sure to ask the Clinic for details.

Prop 47 (California)

In November 2014, Proposition 47 (the Reduced Penalties for Some Crimes Initiative) was passed. With certain exceptions, Prop 47 re-categorized the following crimes as misdemeanors:

- **Grand Theft** of property worth $950 or less
- **Shoplifting** of property worth $950 or less
- **Receiving Stolen Property** worth $950 or less
- **Writing Bad Checks** under $950
- **Check Forgery** of $950 or less
- **Fraud** of $950 or less
- **Drug Possession** for personal use

For past convictions, you must petition the court to have your conviction reduced to a misdemeanor. **Contact the Public Defender in your county of conviction** to learn how to proceed in that county.

Prop 64 (California)

In November 2016, Proposition 64, the adult use of marijuana act, was passed making it legal for adults 21 or older to possess and cultivate marijuana for personal use. If you have a marijuana related crime on your record and were 21 years old or older at the time of the offense, you may be eligible to have the offense sealed, destroyed, reduced to an infraction, or reduced to a misdemeanor. **Contact the Public Defender in your county of conviction** to learn how to proceed in that county.

Penal Code 1203.43

In 2016, Penal Code 1203.43 was enacted to offer post-conviction relief to immigrants harmed by the former version of Penal Code (PC) 1000 drug diversion. If you are a non-citizen with a PC 1000 on your record, you may be able to file a petition allowing you to withdraw your plea and have the case dismissed. In addition to the Record Mitigation and Community Reintegration Clinic, the Yolo County Public Defender’s Office has an immigration expert to assist clients. **Contact the Public Defender in your county of conviction** to learn how to proceed in that county.
Current IN-Custody Programming

Through the authority of the Detention Division of the Yolo County Sheriff’s Office, you may be assessed to determine your needs and eligibility for in-custody programs. While it is the hope of the Detention Division that the jail is able to provide you with a head start in returning to the community, participating in programming will largely depend on your efforts and willingness. It is important to consider what will be the best use of your time while in custody. Below is a list of programs that are in-effect.

To see about getting involved in any of them, submit a blue card to the Treatment Coordinator expressing your interest. Many of these programs are available by sign-up on the weekly program list available at the Officer’s desk.

- In-Custody Day Reporting Center (DRC) *(Leinberger Center only)*
  - Multi-phase program that address criminal thinking and anti-social values. Program also helps inmates gain computer and financial skills. Classes can continue post-release at the DRC’s West Sacramento or Woodland campuses.

- In-Custody Northern California Construction Training (NCCT) *(Leinberger Center only)*
  - Vocational training program which introduces inmates to the field of construction. Classes can continue post-release at NCCT’s Woodland & West Sacramento campuses.

- In-Custody Health & Human Services (HHSA) Substance Use Counseling
  - Individual and group substance use treatment for individuals serving 60+ days in county jail.

- Woodland Literacy’s GED/Literacy program
  - Contracted GED Liaison assists inmates with GED prep and coordinates GED testing.

- Domestic Violence & Sexual Assault Survivor Support Groups
  - Confidential support groups are offered to female inmates and run through Empower Yolo.

- Bible Study Classes and Clergy Visits
  - Volunteers offer weekly spiritual classes and one-on-one visits with inmates.
  - You must have a clergy of record to receive a clergy visit. Submit a blue card to Records informing them of who your clergy member is. If you do not have a clergy member, submit a blue card to the Treatment Coordinator to request a clergy member of your faith visit you in custody.

- Alcoholics Anonymous / Narcotics Anonymous
  - Volunteer run self-help groups assisting inmates with drug and alcohol addiction.

- Socialization Groups
  - Run by CFMG (CA Forensic Medical Group), these groups allow for social interaction amongst inmates with mental health concerns.

*Note: If you have ideas about other programs that may be useful for yourself or others as a way to prepare for returning to the community, you can make those suggestions in the blue cards as well.*
The Yolo County Day Reporting Centers are designed to assist men and women re-entering the community from prison and jail. With both in-custody and out-of-custody sites, all programs are designed using industry best practices that address criminogenic risks and needs in a safe, warm, inclusive environment. Addressing the risks/needs through the best practices of evidence-based programming, the program design provides a heavy dosage of cognitive behavioral programming, academic support, job readiness, vocational training, and treatment areas. Additionally, it provides supportive services that assist with the stability of one's current reality, such as transitional housing, benefit screening, child support workshops, bus passes, etc. All services are provided on-site in a "one stop shop" format and have proven to be very effective, replicated at several sites in multiple counties. Knowledgeable case management staff pride themselves on their commitment to improving outcomes for clients and their families.

Services are available to clients and their families during the often overwhelming transition from custody to community. Clients are referred to the program by their supervising agency, and DRC staff work collaboratively with the client, their family, and their supervising agent to ensure long-term success. It is the client's long term success that, over time, has the most impact on the stability of the person, the family, and ultimately the community. As a result, the impact on public safety is ultimately demonstrated by low recidivism outcomes.

Advice For Individuals In-Custody

Thank you for picking up this resource guide and seeking out help. We know that planning for your release from jail or prison can be difficult for a number of reasons: You don’t have access to the internet. It’s almost impossible to reach people by calling collect. You might not have anyone to make arrangements on your behalf. Maybe you’re feeling anxious about your upcoming transition. We hope this guide will make it easier for you to plan ahead. Here is some basic advice:

1. Get started early. We recommend that you begin planning for your release at least three months in advance. It is never too early to start thinking about the things you will need when you are released.

2. Write things down. Sometimes it’s easier to face the things you need to do if you make a list. Jot down things you know you will need in order to be successful, such as a place to live, job training, more education, medical treatment, family support, help with a substance abuse problem, legal advice, etc.

3. Work backwards from your list of needs. Now that you know what you’ll need, make another list of the things you’ll have to do before you can accomplish what you want to accomplish. Be realistic. Don’t make plans that you know would cause you to be out of compliance with parole or probation conditions. Don’t rely on people or strategies that have let you down in the past.

4. Use the guide to look for options. Once you’ve got your to-do list, go through this guide to find organizations that offer housing, job training, education, and the other services you need. Be sure to read all of the details about each organization carefully so that you know you are eligible for the services you want. If, for example, you see that you will need identification or proof of income before you’re able to receive services, add those items to your to-do list.

5. Ask for help. If you need more information about a service or organization, write them a letter and mail it to the address listed in each entry. Ask a friend to proofread your letter to make sure what you’re asking for is clear and specific. Don’t be discouraged if you don’t receive a response. Write to them again! Sometimes you will have to wait a long time for a response to your questions.

6. Make a back-up plan. You can’t always rely on Plan A, so it’s a good idea to come up with a Plan B. Think about what you will do if your plans fall through. Try to figure out other options so that you’re not stuck without a plan.

7. Stay organized and optimistic. Keep all of your notes and lists together in the same place so that you know where everything is. Stay positive, even when things seem difficult. You can do it!
Advice for Individuals Who Have Recently Been Released

Congratulations! You’ve made it through a challenging time and now you have an opportunity to make some decisions which will help you move forward in your life. You may have heard that the first three months after your release from incarceration are the most important, because it’s during those 90 days that you are at the greatest risk of being incarcerated again. This is not true for everyone, but some people find it difficult to make the transition, especially if they are struggling to find a stable place to live, a source of income, and a supportive group of people who will help them succeed. This guide will help you with some of those challenges. Here is some basic advice:

1. **Make a list of priorities.** If you weren’t able to plan prior to being released from jail or prison, or if you’ve had to change your plans, start now by making a list of your priorities. What do you need to do first? What’s in your way? Keep your list with you and scratch things off the list as you accomplish them.

2. **Find a safe space.** If you don’t have a safe place to sleep, make that your number 1 priority. Finding housing in Woodland can be very difficult, so be prepared to go through a long process before you are able to call a place “home.”

3. **Avoid risky situations.** You probably know what activities or neighborhoods or people can get you into trouble. Stay away from them! Changing your life means letting go of old habits, hangouts, and relationships. It might be lonely or strange at first, but you will find other ways of filling your time soon. Hang in there and trust that this transition is only temporary.

4. **Make and keep appointments.** Use this guide to find organizations that will help you meet your needs and goals. Call or drop in for an appointment – and be sure to follow through! Remember to refer to your list of priorities to see what is most important to accomplish. For example, do you need any medication? Do you need to get enrolled in public benefits? Do you need help with a mental health or substance use problem?

5. **Identify the people you can rely on.** Sometimes people coming out of jail or prison decide that they need to put distance between themselves and their old friends, family members, or other associates because these relationships have had negative consequences in the past. This might be a good idea, but you will need support from people who care about you and your best interest. Who can you count on? Sometimes a case manager, a teacher, a counselor, or a parole agent or probation officer is the person you will need to rely on for support while you build a new circle of friends.

6. **Be proactive.** Even when you’re feeling overwhelmed, it’s important to keep accomplishing tasks on your to-do list. Make and keep at least one appointment or commitment each day. Give yourself credit for making a plan and sticking to it.

**Important Information About Drug Overdose**

*You may be at risk. Learn the facts, protect yourself.*

It is important for you to know that when you come out of jail or prison, you don’t have the same tolerance for drugs and alcohol that you might have had when you went in—even if you’ve only been locked up for a short time. This reduced tolerance for drugs and alcohol puts you at risk for overdose. You have the greatest chance of overdosing during the first few weeks and months after you get out if you decide to use again.

**Overdose facts:**

- Overdoses can happen with any drug, but you are at highest risk if you use heroin, cocaine or prescription painkillers like oxycodone (examples: OxyContin, Percocet, hydrocodone, Vicodin, some cough syrups, morphine, fentanyl, or methadone).

- A lot of overdoses happen when people use drugs after a period of not using—like when they get out of jail or prison—because their tolerance is lower. This means your body can’t handle as much drugs or alcohol as it did before.

- It is very risky to mix drugs, especially downers and uppers (like heroin and cocaine) or downers with other downers—like alcohol and pills, alcohol and heroin, or benzodiazepines (aka “benzos,” like Xanax, Klonopin, Valium, Ativan) and opiates (heroin, methadone, prescription painkillers).

**Overdose deaths are preventable. There are ways you can lower your risk for overdose:**

- Get support upon release for issues with drug use.

- If you do decide to use, do not use alone—no one will be able to help if you are in trouble.

- Try not to mix drugs, even “legal” drugs like prescription painkillers and alcohol—these are very dangerous combinations.

- Don’t overestimate your tolerance. It has decreased since you’ve been incarcerated and your body won’t be able to handle the same amount you may have done before.

Free Things to Do in Yolo County

UC DAVIS ARBORETUM

The arboretum was founded in 1936 to support teaching and research at the University of California. With 100 acres of gardens and walking/biking paths that line the perimeter, it is a great place to visit year round. You can learn about the various plants that are exhibited or sit at one of the benches and enjoy the scenery. In addition to visiting the arboretum for free, it is also an enjoyable atmosphere to volunteer in. Different opportunities include planting, garden clean-up projects or special projects which are based on the volunteer’s personal interests and abilities.

PICNIC DAY

Picnic Day in Davis is one of the highlights of the year. The 105th celebration will take place on April 13, 2019. It typically kicks off with a parade through Downtown Davis and is followed by various activities on the UC Davis campus which have included: The Battle of the Marching Bands, Doxie Derby Race, Chemistry Magic Show and more. While attending the event is free, there are food and student organization booths with items for sale.

YOLO COUNTY FAIR

The Yolo County Fair is an annual event that happens around mid-to-late August at the fairgrounds in Woodland. Among other things, musical entertainment, fair foods, games and rides are offered. This is a great space to enjoy with family, friends or even by yourself. Embrace the sense of community that the fair provides! Free entry only.

Note: The list of free things to do in Yolo County is not limited to the three events noted above but is meant to provide some of the highlights that our county has to offer.
I’m On Probation……Now What?...

Leaving jail is something that you have been looking forward to for quite some time, and now it’s finally happening. If you’re lucky you got some preparation before you got out, assuming you were in custody. But now, the Judge said that you’re on probation. What does that mean? What do you have to do?

Let’s start at the basics – what is probation? Essentially, felony probation is a court ordered sanction that allows a person to reside in the community under the supervision of the Probation Department. The conditions of probation may include jail time, completion of rehabilitation programs, restitution, fines, and other sanctions. Standard conditions include:

1. **You need to contact the Probation Department as soon as you are released from custody.** You have 48 business hours to check in with Probation. This means, you generally have 2 days to go in person to Probation. You are encouraged to contact the Probation Department as soon as possible after your release from jail. For contact information, see page 5.

2. **When you contact the Probation Department you will need to provide the support staff with your full name and date of birth.** If you have your court case number or court paperwork, please provide it, too. The support staff will have you check in with your assigned probation officer or the probation officer of the day.

3. **After your initial check-in, Probation will schedule another appointment to meet with you.** This appointment may or may not be with your assigned probation officer. Please make sure to keep your appointment and be on time. If you cannot make your appointment, you must call the day before to re-schedule.

4. **More likely than not the court has ordered you to attend a counseling or rehabilitation program.** You and your assigned probation officer will determine which programs best meet your needs. Probation will refer you to the program or give you directions on how to initiate services with the program. It is important that you follow through on any referrals made by Probation.

5. **Stay out of trouble!** We know you’re facing a lot of challenges and difficulties getting your life back together, but if you need help or support, call your assigned probation officer to ask for support or assistance before you do something that puts you at risk.
Successfully Completing Probation & Parole

Disabilities
If you have a qualifying disability and cannot understand the conditions of your probation or parole, or you don’t think that you can comply with the conditions because of your disability, talk to your probation or parole officer. The Americans with Disabilities Act requires that you receive the conditions in an understandable format and that barriers to your compliance be addressed.

Conditions of Your Release
The conditions of your supervision will vary. Make sure you understand all local, state or federal conditions. Below are some basic conditions that may apply to you and your case. Look over your conditions and think critically – what barriers might these present? What people are in your life that can help support you in following the conditions of your probation/parole?

- Stay Away Orders (Know where you can and can’t go. Likewise, know who you can and can’t be around.)
- No Weapons / Searchable for Weapons (Know what you can keep on your person or in your house. If you need to make arrangements to transfer property, do so.)
- Communicate regularly with your probation officer (Keep appointments. Make phone call check-ins. Even when conversations get tense, stay level headed. Keep the lines of communication open!)
- Notify your probation or parole officer if your address or job changes.
- Check with your probation or parole officer prior to making plans to travel over 50 miles from your residence, to leave your county for more than 48 hours, or to travel outside of California.
- Registration Requirements (Prior to probation or parole, you should be notified of your requirement to register if you have been convicted of a specified sex, drug, or arson offense.)

Mandatory Supervision And Post-Release Community Supervision
In October 2011, the State of California implemented the Public Safety Realignment Act of 2011, also known as Assembly Bill 109 (AB 109). AB 109 transferred responsibility for some of the state prisoner population from CDCR to California counties. Under AB 109, individuals who were committed to state prison for certain felonies will be released to post-release community supervision (PRCS), which in most counties is administered by Probation Departments. In addition, AB 109 requires that individuals convicted of certain felonies serve their time in local jails, where previously they would have been sentenced to state prison. The new sentencing scheme is outlined in PC §1170(h). If you have questions about whether you fall under AB 109, please contact your attorney.

Mandatory Supervision (1170 Split Sentence)
- **How long am I on mandatory supervision (MS)?** Every case is different depending on your sentence from the judge. For your knowledge, time spent in custody is usually reduced by half due to good time credit. Time spent on MS is not reduced. For example, if a 3 year sentence is split into 2 years jail & 1 year MS, the person would serve 1 actual year in custody & 1 actual year on MS.
- **Do I have to check in with Probation after I get out of the jail?** Yes, you have 48 business hours (approx. 2 days) to check in with either the Woodland Probation Office or the
West Sacramento Probation Office. This initial check-in must be in person – you will be given instructions from the Probation Department in regards to future check-ins.

- **Can I just go back to custody and finish out my sentence if I don’t want to be on mandatory supervision?** Yes, you can, although Probation would prefer you stay out of custody and engage in services that will help you stay out of custody for good!

- **If I serve a violation of my mandatory supervision and go into custody, do I get credits toward my MS?** Yes, you will receive day-for-day credits while in custody on a violation. For example, if you have 100 days left on MS and you go into custody for 10 actual days, you will receive credits for 20 days and upon release you will have 80 days left on MS.

**Post-Community Supervision (PRCS)**

How is post-release community supervision (PRCS) different than mandatory supervision or probation?

- Upon being released from state prison, if you are not sent to parole, you will be ordered to appear at Probation within 2 business days.
- You will have served all of your sentence, so there is no suspended time or remaining time left on your sentence.
- However, you can serve a PRCS violation for anywhere from 30 days up to a max of 180 days.
- You can also serve a FLASH violation of probation for anywhere between 1-10 days.
- If you can go 12 consecutive months without being incarcerated, you **shall** be terminated from PRCS supervision early!!
- If you cannot go 12 consecutive months without being incarcerated, you can be on PRCS for no more than 3 years.

**Division of Adult Parole Operations, California Department of Corrections And Rehabilitation**

You must check in with your parole agent within 24 hours of your release from custody. If you do not report, the parole agent will make reasonable attempts to contact you prior to issuing a warrant for your arrest. Some individuals may be required to register under PC 290 (sex offense), PC 457.1 (arson), or H&S 11590 (drug offense) with the Police Department. Be sure that you understand the conditions of your parole, and work with your parole agent and community resources to successfully meet these conditions. - Mother’s Full Name at birth
- Father’s Full Name
- Place of Birth (Hospital name if known)

The best option is to go to the Recorder’s Office in the county in which you were born.

BEFORE YOU GO -- Call the California Department or county office and ask questions, including:
Do you need to show identification to get the birth certificate? How long does it take to get the birth certificate?
Mailed-In Request – California Department of Health Services
If you can’t make it to another county’s Recorder’s Office, you can mail the request:
California Department of Health Services
Office of Vital Records - M.S. 5103
P.O. Box 997410
Sacramento, CA 95899-7410

YOU MUST ENCLOSE THE FOLLOWING IN YOUR MAILED REQUEST:

- Check or money order made out to California Department of Health Services for $25
- Birth Certificate Application and Sworn Notarized Statement
- Formal written (or typed) request for birth certificate – A sample can be found at the end of this section.

IMPORTANT INFORMATION WHEN YOU MAIL-IN THE REQUEST

When requests for birth certificates are mailed-in, you must submit a **sworn notarized statement** along with the application. You will see that this statement is attached to the standard application. A Notary is someone who is legally empowered to witness signatures and certify a document's validity.

There are many businesses that have a notary on staff.
One suggestion is a UPS Store:
Woodland: 1296 E Gibson Rd, Woodland, CA 95776 Phone: (530) 668-0265
Davis: 140 B St. Suite 5, Davis, CA 95616 Phone: (530) 747-0500
West Sacramento: 813 Harbor Blvd., West Sacramento, CA 95691 Phone: (916) 372-7623

There is a $10 fee for the notarized service – Fees may vary from place to place.
*Note: Be sure to call before you show up to make sure that the person who notarizes is available.

To get a notarized statement, you need documentation of your identity, age, and legal presence. If you don’t yet have any personal identification, try to get a statement from your probation or parole officer that testifies to your name, age, birth date, address, and parents’ legal names. Also, bring a close family member who has I.D. with you to the notary. The notary may allow your family member to “verbally identify” you.

Remember, to mail-in a birth certificate request, you need to include four things:
1. application
2. fee
3. notarized statement
4. written letter

**It takes about 60 days for a mailed-in request to be processed.**

*Born Outside of California*

Call the Recorder’s Office in the county in which you were born and ask several questions:
• Can a family member with identification who still lives in the county request the birth certificate?
• What is the application process for an in-person request or for a mailed-in request?
• How much does it cost? How long does it take to receive it?

AKAs (Also Known As) and assumed names cannot be entered as the legal name on the birth record.

In the Birth Record Information section, provide all the information you have available to identify the birth record. If you are a California resident, experiencing homelessness, and can visit a “homeless services provider” so they can complete your photo ID “fee waiver” from, then you are eligible to get a free California photo ID.

Where do I Begin?
1. Go to a local “homeless service provider” and let them know you are currently experiencing homelessness and need a “fee waiver” to get a free California photo ID from the DMV. If you’re not sure where to go, contact your local emergency shelter or county human services office and let them know you are currently experiencing homelessness and need a “fee waiver” to get a free California photo ID from the DMV.
2. After you have your “fee waiver” from the homeless service provider, make sure you have all the following documents:
   a. The “fee waiver” form from the homeless service provider.
   b. Your social security number (SSN). If you are ineligible for a SSN but are legally present in the U.S., you can still apply for a CA ID card.
   c. A “certified copy” of your birth certificate OR United States Passport. (Note: if you do not have a certified copy of your birth certificate, see Free Birth Certificate section.)
3. Visit your local California DMV and bring your fee-waiver form, your social security number, and your certified copy of your birth certificate (or a United States Passport).

HOW LONG DOES IT TAKE TO GET YOUR LICENSE OR IDENTIFICATION CARD?

Your license and California I.D. will be mailed within 60 Days. The DMV will issue you a temporary, paper CDL or ID. This will serve as your primary identification until the hard copy arrives. Make sure the address that is on file will still be active within 60 days.

General DMV Information

- Online appointments will save you a lot of time. Go to the website to schedule an appointment.
- Do not go to DMV unless you have all of the required application documents.
- If you have any holds or suspensions, or your license was at some point revoked, you will not be able to immediately get a CDL. You must take care of the disqualifying issues first.
- Even if your license is suspended or revoked, you can still get a California ID.
- REMEMBER: The CA DMV works closely with other city and state departments like Department of Child Support Services, for example. If you have outstanding payments owed to another state department or another unresolved matter, you will need to take care of that business first.
- If you run into a problem trying to get your CDL, get your California ID and request a DMV print out so you can discuss the issues that are preventing you from getting the license.
- The California DMV has available and responsive customer service agents. Call (800) 777-0133. After you select the language you want to communicate in, press 0 (zero) for the operator.
- If your license has been expired for 6 months to 4 years, you will need to take a written renewal test before you can get your CDL. There are 36 questions on this test and you may answer no more than 5 incorrectly. It costs $5 to take the test unless this is the first time you are taking it and you pass the first time.
- If your license has been expired for more than 4 years, you will have to take both the driving and written tests.
- Pay the application fee
  - $35 for Driver License

FOOD STAMPS (NOW CALFRESH)

CalFresh, formerly known as the Food Stamp Program, is a government program designed to eliminate hunger and improve the health of low-income families and individuals by providing funds to access a nutritious diet.

Income limits (below 200 percent of the federal poverty level) and some non-financial eligibility factors determine who qualifies for CalFresh benefits. In Yolo County, CalFresh is distributed via Electronic Benefit Transfer (EBT) card, which may be used at grocery stores and farmers’ markets. Homeless, elderly, or disabled individuals qualify to use CalFresh at dozens of restaurants within Yolo County.

Those with criminal records, including a drug felony, may be eligible to receive CalFresh benefits. Being on probation or parole does not impact your CalFresh eligibility. However, you cannot be a fleeing felon (i.e., have a warrant) or be in violation of your probation or parole and qualify for CalFresh.

You may apply for CalFresh in person, by mail, or online. If you are found eligible for the CalFresh program, you can begin receiving benefits as soon as three days after you apply. Apply online at www.MyBenefitsCalWIN.org, or call our office at (530) 661-2975 if you have any questions. Application forms are available in English, Chinese, Russian, Spanish, Tagalog, and Vietnamese.
MEDI-CAL
Medi-Cal is free or low-cost health coverage for children and adults with limited income and resources.

Who can qualify for Medi-Cal?
Medi-Cal covers low-income adults, families with children, seniors, persons with disabilities, children in foster care as well as former foster youth up to age 26, and pregnant women. Most individuals who are unemployed or do not receive medical coverage from their employer can receive health coverage under the Affordable Care Act.

What is the difference between Covered California and Medi-Cal?
Medi-Cal is health coverage, just like the coverage from Covered California health plans. If you qualify for Medi-Cal, your health care will be free or at a lower cost to you and your family. Medi-Cal plans and Covered California plans both offer a similar set of important benefits, called “essential health benefits.”

How can I apply for Medi-Cal?
You can apply online, by phone (1-866-226-5415), or in-person.

After Applying
If you qualify for Medi-Cal, you will get a benefits identification card (BIC) in the mail, and get a list of available health plans to choose from. With the card, you can begin to use your health care as a new Medi-Cal member. In some cases after you apply, the county may need to clarify or get more information from you so that it can make sure you qualify for Medi-Cal or other affordable health coverage.

SOCIAL SECURITY ADMINISTRATION BENEFITS

The Social Security Administration (SSA) is a federal agency that administers Supplemental Security Income (SSI) and Social Security Disability Insurance (SSDI), among other programs. Benefits may be available to adults and children (if child’s disability started before age 22).

SSI or SSI/SSP provides monthly payments to aged, blind and disabled people who have little or no resources and income. Applicants need not have worked or paid Social Security taxes to be eligible.

To Reinstate Supplemental Security Income (SSI):
SSI benefits are paused during any significant period of incarceration or hospitalization. If you had SSI benefits prior to your incarceration, and you have been incarcerated for LESS THAN 1 YEAR, you are eligible to have your SSI reinstated.

To reinstate your SSI benefits, you need to show your release paperwork to your local Social Security Administration Office or your payee.

If released from state prison, you should automatically receive release paperwork but you need to request this paperwork from the county jail. If you are in Yolo County Jail, ask the staff in Monroe Records (behind the counter in the front entrance) to print you off an ‘incarceration status letter’. This letter should state how long you were incarcerated for and when you were released.

If you previously had SSI benefits but have been incarcerated for MORE THAN 1 YEAR, you may not be eligible to reinstate your SSI benefits. Check with your local Social Security Administration Office in regards to your benefit status and if ineligible for reinstatement, it is recommended that you re-apply for benefits.

If you are age 65 or older, you should automatically qualify for SSI benefits

Social Security Disability Insurance (SSDI) provides benefits to aged, blind and disabled people who have worked a certain number of years and paid Social Security taxes. The income limitations that apply to SSI/SSP do not apply to SSDI.

To find out more about these programs, call 1-800-772-1213, Monday-Friday, 7:00 a.m.-7:00 p.m. However, it is generally best to go in person to a Social Security District Office.

Do you have any warrants? Get a copy of your RAP sheet to review.

Do you have any outstanding fines or payments?

Do you have any outstanding charges associated with child support or court rulings to pay damages or restitution, and/or court or defense costs? Uncover this information with the help of your probation or parole agent.

CREDIT

Conduct a credit background check on yourself.

The Fair Credit Reporting Act (FRCA) requires several nationwide companies to provide you with a free copy of your credit report, at your request, once every 12 months.

You can order a free credit report online: www.annualcreditreport.com

MONEY MANAGEMENT

When you know where your money goes, it's easier to pay your bills on time, save money each month, and find financial freedom.

To get started, think about your money. Money should go towards things you need, things you want and towards your debts or into savings.

Some expenses are required every month. A place to live, a way to get around, and nutritious food to eat are things you can’t live without. Every month you make rent or mortgage payments and spend money on utilities as well as transportation. Many people pay for different types of insurance and some pay for school fees and loans.

These expenses are things you can’t do without. Ideally, this should be half of your budget. If you lose your job, or have an unexpected emergency expense, these are the things that you will still have to spend your money on. Do you enjoy watching cable television, shopping, or eating in restaurants? While these aren’t things you need, it’s your life and you should enjoy it with a budget that fits you best.

The best budget includes money to meet your needs and your wants as well as save for your future. When you put money into your savings, you can better plan for your retirement or education for your family. Credit cards, payday lenders, and rent-to-own furniture stores charge very high interest rates. It’s important to pay down these debts first so that your savings can go farther.

If you need help getting started, build a budget and seek credit counseling to take control of your money!
SAVINGS
Saving is important because having it (whatever the amount) brings you peace of mind and the ability to pay for things without using credit.

Start Saving Now.
Even if you think you can’t afford it. Even if it is only a few dollars out of each paycheck.

What’s next?
If you’re going to start saving, you’ll need to have a budget (for assistance building your budget, check out The Beehive, online at http://capetown.thebeehive.org/content/86/121). Use these seven steps to make a successful financial plan:

1. Start as early as possible
2. Set goals (short- and long-term)
3. Tell your family members or others with whom you share finances
4. Support your plan with a practical, working budget
5. Do your homework – think about your options and be flexible
6. Put your plan in writing
7. Review your plan every month or two

Budgets are just the beginning. Your plan won’t make much sense unless you also learn to build credit, save, and invest wisely.

The best way to make a budget for the future is to figure out how you spend your money now. First, look at where your money comes from and where it goes. Track all of your income and expenses for one month before creating your budget. You'll need to keep track of all of your purchases by writing them down by category in a notebook or holding on to receipts organized by category.

Write down how much you spend in each category every month. Don't forget to include money that you save each month to help you meet your future goals. Be realistic about your budget, so that it's easy for you to follow.

Step One: Calculate Income
Your income is the most important part of your budget—it allows you to take care of your family and yourself. You can put that money into a budget to figure out how you spend your money now and how to make the most of it in the future.

Step Two: Calculate Expenses
It is also important to know where you spend your money. Keeping track of your receipts and watching your statements is the best way to see how much you spend. If you already have a way of recording daily expenses, like a diary, use that information to fill out this section.

Step Three: Calculate Assets
There are many ways to look at your personal finances. You may own some things that are worth money that you never even considered. Think about things like vehicles, jewelry, or even your home. These things, plus the money in your savings or investment accounts, are part of your assets.

Step Four: Calculate Debt
If you are struggling with debt, you can help yourself by making a plan. You might owe money to many people or companies, but you can make a big difference by writing down those numbers.
Be honest with yourself about how much you owe. Once you know how much you have to pay, your budget plan can help you figure out how to get rid of your debt.

Do not enter any account numbers in this section. You will only need to write the amount of money you owe.

**Prioritizing Your Budget**

If your budget shows you have more expenses than income, there are many ways to get out of trouble. Remember, everyone has different priorities. You will have to make the decisions that are right for you.

**What payments should I make first if I don’t have enough money to pay for all my bills?**

1. First, pay off your necessary household expenses, such as rent or mortgage, utilities, and food. You need to pay your rent or mortgage to ensure you don’t get evicted or have your property foreclosed upon. Think about the health and safety of your family when making these types of decisions.
2. Many utilities, such as the telephone company, electric company, and gas company, have programs to lower your bill if you qualify. If you think you need assistance, contact your utility company.

**What should I do if I can pay off my monthly household expenses, but am having trouble paying off my loans?**

1. Pay off the loan with the highest interest rate first to save on interest payments.
2. Talk to your creditor. Your creditor may be willing to reduce your payments or change the terms to accommodate your situation by offering extensions, smaller payments over a longer period of time, or accepting partial payments.
3. Get a debt consolidation loan. Be cautious of this option. If loan fees and interest rates are too high, it may not be the best option for you.
4. Get professional advice. Reputable credit counselors can help you deal with your financial problems. Some organizations charge little or nothing for their services.
5. Be cautious of companies that promise to fix your credit problems right away. Credit repair can be a long process that might take several years.

Education

OVERVIEW: A college education can be a powerful tool when it comes to supporting yourself, but getting there can seem very challenging. Here’s a basic outline of what you’ll need if a college education is part of your plans.

- Graduation from high school and receipt of a high school diploma are admission requirements at many colleges, including those in the California State University system. It is always best to stay in high school to receive your high school diploma, but sometimes it is not possible to do so. There are options available for completing the equivalent to a high school diploma:
  - Passing the California High School Proficiency Examination is the legal equivalent of earning a high school diploma.
  - The General Education Development program (GED) is another examination program that, upon successful completion, offers the equivalent of a high school diploma.
  - Remember that completing either the California High School Proficiency Examination or the GED does not eliminate the high school course requirements or the grades and test requirements.

- Getting copies of your GED Records: If you already took the GED, you may request copies of your records by contacting the GED Testing Service:
  Contact: gedtestingservice.com

Preparing to pay for college: Free Application for Federal Student Aid (FAFSA). One of the tools you can use to estimate your eligibility for federal student financial assistance is the Financial Aid Estimator Tool – FAFSA4caster – which is available online at: www.fafsa4caster.ed.gov

You may have heard that if you have been convicted of a felony, you are not eligible to receive financial aid. This is not necessarily true. A student convicted of possession or sale of illegal drugs may have eligibility suspended if the offense occurred while the student was receiving federal student aid (grants, loans, or work-study). When you complete the Free Application for Federal Student Aid (FAFSA), you will be asked whether you had a drug conviction for an offense that occurred while you were receiving federal student aid. If the answer is yes, you will be provided a special worksheet to help you determine whether your conviction affects your eligibility for federal student aid.

You may preview the worksheet in the FAFSA Information section at www.studentaid.ed.gov/pubs. If you have been convicted of a forcible or nonforcible sexual offense, and you are subject to an involuntary civil commitment upon completion of a period of incarceration for that offense, you are ineligible to receive a Federal Pell Grant.

The following two pages will provide a brief overview of education establishments that are in your area and can be taken advantage of to get either a high school diploma or college degree.

WOODLAND COMMUNITY COLLEGE | 2300 E Gibson Road, Woodland, CA 95776 :
(530) 661-5700
Attending a community college is a great way to get an education on a budget – besides going to the library on your own and reading books for free, of course.

Who do I talk to about applying?
You can either call the school at the number listed above to set up an appointment so a staff member can help you, or go to the website at http://wcc.yccd.edu and follow the steps after clicking “apply.”

When are the classes?
Woodland Community College (WCC) operates on a “semester system” which means that there are two chunks of time that classes are in session. Fall semester usually runs from mid-August to mid-December. After a nice holiday break, the Spring quarter runs from mid-January to the near end of May.

What are the Costs?
At WCC, classes cost $46 per unit which can total about $138 per class depending on how many units a class is (classes are normally between 1-5 units).

Some things to ask about when applying:

- BOG (Board of Governor’s) Fee Waiver: How do I apply for this?
  This is one of the best resources to help reduce or eliminate your tuition fees. But you must keep your GPA at a 2.0 or higher in order to remain eligible.

- FAFSA (Free Application for Federal Student Aid): How do I apply for this?
  This resource for free money is great because it can be applied to classes at a community college as well as at a university. If you receive money from FAFSA, it will be helpful for taking care of any book expenses.
Yolo County is lucky to be the home of one of the state’s top universities. While the cost of attendance is more expensive than a community college, it is still a great investment of both money and time—not to mention, the campus is beautiful.

Who do I talk to about applying?

Similar to the options listed for WCC, you can either call the number above or visit UC Davis’s website at [http://ucdavis.edu/](http://ucdavis.edu/).

When are the classes?

As with many of the other UC’s, it operates on a “quarter system” which means that instead of two chunks of time to complete classes, there are three: Fall (September-December), Winter (January- March), Spring (April-June).

How much do I have to pay?

There is no one answer for this because it depends on your individual financial situation. As stated above, the FAFSA can do a great deal for helping you with the cost of school. So applying for it as soon as possible is a good idea.
